### **Maplewood establishes IEA team for middle and high school students**

**Maplewood Stables, Inc.**, is pleased to announce the addition of a new riding and showing program geared toward Middle and High School students. Organized in a team format, the Maplewood program will be affiliated with the **Interscholastic Equestrian Association (IEA)** and is a recent addition to the nationally renowned Hunter/Jumper equestrian center. Maplewood's IEA team will offer Reno-area middle and high school students the opportunity to train and compete against other area teams and nationally. The IEA program is for students in grades 6-12, and riders need not own a horse to join or compete. It's open to students in public and private schools and includes barn teams as well.

"We are thrilled to develop an IEA team and offer young riders in our area the opportunity to expand their horsemanship knowledge and riding skills," said Maplewood owner and trainer Julie Winkel.

"The IEA is a unique program that allows young riders to learn, grow and compete as teammates and also offers those without the means to own a horse the chance to ride and show."

**Maplewood will host an IEA Open Forum on Sunday October 23 at noon** for those interested in learning more about Maplewood Stables and the IEA program. The Forum will take place in conjunction with the Annual Maplewood Halloween Horse Show. Please join us to learn more about this fantastic program and join our team!

The IEA teams attend horse shows at host schools in a "catch ride" format, where the horse school provides all horses and tack. Riders draw a horse from a hat, are given a short period of time to get to know the horse, and then compete against riders of similar skill levels. Through the IEA, riders have the opportunity to compete as part of a team, be noticed by college coaches and earn college scholarships. Regional shows begin in October and end with the National Championships in April. To learn more about the IEA, please visit [www.rideiea.org](http://www.rideiea.org).

Maplewood Assistant Trainer **Ana Forssell** will develop and oversee Maplewood's IEA team, with support from Julie Winkel, her son Grand Prix Show Jumper Kevin Winkel and Assistant Trainers Andrew Teer Jayne, Corrine Shaw and Marcella Lawwill.

"I'm looking forward to developing an IEA team here at Maplewood and working with young riders who love horses and riding," said Forssell. "My focus is to help all riders develop the best foundation possible to build from so they reach their riding goals. My passion is to help riders love all the things that go into creating a winning team with their horses."

*It has been a great show season. Zephyr Farms had a good show and a fun time staying out at Ironwood Events Center. A great opportunity to introduce people to a mock "away" show! The footing was great inside this year. The BBQ on Saturday night was amazing. Great food and conversation!*

*My heart goes out to all who lost barns, homes, animals in the fire. Zephyr Farms was spared, although we were evacuated. Thanks so much to Lynn Lloyd, Ed Fidler, Justin and Brooke Aytes, Jason and Marina and so many other friends who ran to help. If anyone needs stalls, a bed, food...anything, my doors are always open.*

**Franktown Meadows** has finally completed a number of property updates! The beginning of the summer saw the installation of new road surfaces. And most recently, major arena renovation has just been completed. Both the jumping and indoor arenas now have all weather footing, while the dressage court has new dg footing. In addition, the jumping arena has expanded to connect the small adjacent square arena. This new space will enhance the showing experience of SNHSA competitions.

As a facility that had to be evacuated in the **Little Valley Fire**, Franktown Meadows would like to say thank you to everyone who participated in this incredible feat. While we, as a community grieve the loss of property and life taken as a result of this fire, we know that together, we will rebuild.

September at **Breakaway Farms** closed on a high note! **William MacLean** on Jenny Nicolai's **Rembrandt** rode to the win in the **Onondarka**, 2nd in the **NorCal**, **Foxfield**, and **PCHA Horsemanship**. **Lyn Mundt's Stratos** (for sale) placed in every class with a 1st, 2nd, and 3rd in the **1.10s**, and a **5th in the 1.15 Classic**. Ashlin's **Cartagena** finished the week with a **Reserve Champion** in the **.90m Jumpers** with **Hayley Bowen** aboard. Breakaway's **Uptown B.A.** strutted his stuff as our resident 4-year-old and brought home a **Reserve Champion** in the **Training Hunters!**

**Breakaway Farms** is also proud to announce the launch of a brand new program promoting good Horsemanship skills. It will be a class offered to students interested in building and expanding their skills in and even more importantly outside of the arena. We aim to give students the information they need to become the ultimate well rounded horseman, capable of fully caring for their equine partners. These classes will be offered on a monthly basis, Saturday's from 12:00-2:30. Sign-ups can be found at the board on the southern end of the barn.

October started out with a trip to the **Norcal Finals!** But unfortunately this show was interrupted by the terrible **Little Valley Fire**. *"The community's response to our family's loss has been amazing. We can't thank you all enough for all that you have done. I couldn't ask for a better community to call home."*

*Unbelievable that another SNHSA show season is almost over! Thank you to all that make this local circuit a great experience. Also a huge thanks to all the hosting venues. All the time and dedication to organize these events is greatly appreciated!*

**Balance Point Training** hosted a clinic in the beginning of October with **Erica Poseley**. Erica has an enthusiastic coaching style that makes the challenges of learning fun. She is a bio-mechanics expert! At times I thought that she has x-ray vision with an ability to see through our positions. She helped us all by giving useful insights that made us better and more effective riders. The effects could be immediately felt by our horses, we became easier to carry and clearer in our communication. We are excited to be having her back in early December!

*Also, last but not least congratulations to **Emily Rye** on earning a 7th place in the **SNHSA medal finals** and earning some top equitation points for the year-end awards. Her mother **Cherie**, also participating in the special hunters with her mare, also earning good ribbons.*
