## Message From President Eileen McNeall...

It goes without saying that this has been a difficult year for all of us following the events of September 11th. The ramifications of this tragedy touched us all and produced a myriad of feelings, including anger, fear, grief, sadness, and incredulity. Top that with the weak economy and loss of jobs and it can be said that this was a time that tested each and every one of us. However, even from such difficult times there are always positives that we can focus on as opposed to the negatives. This is perhaps my most significant personal mantra--that a positive attitude is everything! Just look at the extraordinary resiliency of the American spirit. I believe that there has been an awakening in this great country to what is most important in this life--special things, like home and family and faith. Perhaps we sometimes need to be reminded of those things so that we don't become too complacent or lose sight of the basics. My own resolution for this new year is to make a special effort to nourish friendship, spend more time with family and continue the pursuit of my passion for riding and competing--an important factor in keeping a positive outlook!

As the next show season and warmer days approach, I look forward to reconnecting with my fellow equestrians (winter months seem far too long), and the many friends I have made through this great sport we share and for all of those who are a part of this organization. May you each have a healthy, prosperous, and positive new year filled with many happy days in the saddle!

"Through the days of love and celebration and joy, and through the dark days of mourning the faithful horse has been with us always"

-Elizabeth Cotton
