Who is the Sierra Nevada Horse Show Association?

The Sierra Nevada Horse Show Association (SNHSA) is a nonprofit organization dedicated to supporting and advancing the equestrian community in Northern Nevada.

Founded in the early 1990s, SNHSA sanctions quality hunter/jumper competitions, provides educational opportunities for riders and trainers, and recognizes rider achievements through year-end awards. Top rated clinicians are invited twice a year to accommodate all levels of riders.

Guided by a commitment to fairness, integrity, and community, SNHSA serves as a central resource for equestrians of all levels, fostering an inclusive environment that promotes growth, learning and sportsmanship.

For 2026, SNHSA's members total 137 junior, adult amateur and professional riders with 50 new members. The local show season consists of 11 shows, hosted by Rosemary Meadows Equestrian, Pair of Aces Stables at the Historic Silver Circle Ranch, Franktown Meadows, AJA Equine at Ironwood Events Center and new this year, a four-day AJA Equine & Pair of Aces stables Double-Dip Outreach Show held at the Nevada State Fairgrounds.

Riders compete to earn points and meet year-end awards requirements across 28 different divisions, with riders of all levels, from Walk/Trot through the 1.20m jumpers, Equitation and 3'3" Hunters. The top five riders in each division will be recognized at the annual awards banquet, to be held Jan. 30, 2027 at the Atlantis Casino Resort Spa.

2026 Hope Glynn Clinic

The SNHSA Member Education Committee held the Hope Glynn Clinic July 11-12 at Rosemary Meadows Equestrian. Thirteen horses and riders participated, with six auditors.

The clinic, open only to SNHSA members, also offered riders a 40% discount for submitting an essay with their entry. Riders were also asked to tag @SNHSA_Official on any applicable social media posts made before the clinic. The essay was to include: How long have you been riding with SNHSA? What do you love about showing or riding for SNHSA? What are your riding goals and how will this clinic help you reach your goal?

We received many beautiful essays and we'd like to share a few of them with you.

My name is Lina. I am 12 years old and I have been riding for more than 7 years and I just started riding with SNHSA last August when I started riding at Franktown Meadows Riding Academy. I have learned so many skills over the last year and I am so excited to go to this clinic and learn so many more.

I recently started riding and showing with SNHSA and it is one of the best things in my life. I get to meet new friends, reach goals, and have people see what I have learned. And the best part is making memories with the people and animals I love. I also got to experience other barns such as Pair of Aces. And I saw how the courses were set at Franktown Meadows and I got the opportunity to help set up and learn that there is a way to check the striding and just preparing for a show in general was so much fun.

My goals are of course to jump higher but also just be a better rider. To learn to control my horse in a nice way, or fix my posture in two-point. This clinic will help me reach these goals by maybe asking others for advice. I have learned so many skills over the last year and I am so excited to go to this clinic and learn so many more skills. And I can't wait to make more memories, find new friends, and learn more.

~ Lina

I have been riding with SNHSA for almost two years but I have started riding a new horse named Maple for about a month, who I will be riding in this clinic. Riding in SNHSA has helped me realize that every show or clinic is not going to be amazing but I know I will learn from whatever it could be.

I love riding and showing through SNHSA because I get to have many different show and clinic experiences but I don't have to travel as far. I also love that I get to try new things and make mistakes but no one is judging you like they could be at bigger shows.

Because I only have been riding my new horse for about a month I have been really focusing on flat work and little fences, but I have a goal to be able to do a 2'6-2'9 hunter or eq class by the end of the year. I think that this clinic will help me improve my connection and ride on Maple more, and maybe help accomplish my goal.

~ Cate
